Start studying Prelab 7 Enzymes. Learn vocabulary, terms, and more with flashcards, games, and other study tools.

*Prelab 7 Enzymes Flashcards | Quizlet*

With the help of enzymes to lower the activation energy of a reaction, reactions that would normally take years to happen on their own occur in just minutes or even seconds. However, enzymes can be very sensitive to their environment and require precise conditions to interact efficiently with a substrate. In your group, answer the following questions: 1. Imagine you are working with the enzyme cellobiase that breaks down cellobiose into sugars in termite gut.
