Just purchased a Haynes manual for my 2007 Vauxhall Zafira 2.2 because I have an electrical fault with the steering pump. Absolute waste of time. The electrical diagrams are very limited and show "Typical" wiring diagrams for a few areas of the car like windscreen wipers and lights. Manual is poorly printed and as far as I'm concerned, is a complete ripoff for the £18 I paid for it.

You could tell then, it was written by competent experienced people.

Another brilliant Haynes manual for the avid fan of Captain Scarlet. All vehicles are here as well as character breakdowns and also a number of missions are looked at.
