orient to what is going on around you and put it into context with information rooted in your long-term memory, including training—both good and bad—life experiences, and your genetic heritage.

## OODA Loop | James Tollett

This OODA loop is the mechanism enabling adaption and therefore survival. The observation process involves data gathering, orientation is analysis and synthesis, decision is determination of course of action, and action is the execution of that decision, with resultant consequence.

## OODA Loops—application to healthcare | Volume to Value

OODA, or the Observe, Orient, Decide, and Act Loop was a concept based on Boyd ' s in-depth study of the pattern of warfare. Essentially, Boyd ' s purpose with the OODA Loop was to create a capability for unraveling one ' s opponent by acting in the least-expected way possible (as opposed to the most-effective way possible).

## The OODA Loop | Observations from three average gun guys ...

The OODA loop is the cycle observe – orient – decide – act, developed by military strategist and United States Air Force Colonel John Boyd. Boyd applied the concept to the combat operations process, often at the operational level during military campaigns. It is now also often applied to understand commercial operations and learning processes. The approach explains how agility can overcome raw power in dealing with human opponents. It is especially applicable

## OODA loop—Wikipedia

The OODA Loop that 's less than a loop is a named driveway that runs behind the B-52 on display near the Judge Advocate General School and the Air Force Research Institute. The driveway was named in honor of Col. John Boyd ' s OODA Loop, an acronym for an air combat strategy developed by Colonel Boyd that has larger applicability in military strategy and competitive private-sector strategic thinking.
