Radiance (Wraith Kings #1) by Grace Draven. CHAPTER ONE. Today was Ildiko's wedding day, and if she managed not to retch on herself or a guest, she'd consider the entire event a resounding success. Her maids refused to meet her gaze while they laced her into her gown and twitched the train into perfect folds, but she'd caught their looks of pity mixed with horror from the corner of her eye.

Radiance has that very traditional fantasy feel to it; we have a princess, Ildiko, in a fantastical kingdom who's due to marry a neighbouring prince whom she's never met before. From there, however, the novel steers away from the typical arranged marriage fantasy story.

Radiance (Wraith Kings #1) (26) by Grace Draven Saggara was an austere place compared to Haradis and lacked many of its creature comforts. It also lacked Secmis which, for Ildiko, made it a place far superior to the Kai royal palace. When Sinhue came to help her undress and get ready for bed, Ildiko waved her away and sent her to her own room.

In 'Radiance' the couple's agreement results in a loyal friendship and then keeps evolving into something more. The cultural differences are key to this lovely book, but there is also adventure and a touching romance. I enjoyed the humour too as Ildiko uses her 'scary ghost' looks to tease her Kai companions.
