With revelatory insights and delightful asides, Jeanine Basinger shows us how the studio "star machine" worked when it worked, how it failed when it didn't, and how irrelevant it could sometimes be.

Amazon.com: The Star Machine (9780307388759): Basinger ...

Film historian Jeanine Basinger's 2007 book The Star Machine is a thorough examination of how the studio system operated during Hollywood's Golden Age. Basinger is the chair of film studies at Wesleyan University, and it's very clear that movies have been a life-long passion for her.

The Star Machine by Jeanine Basinger - Goodreads

Overview. From one of our most distinguished film scholars, comes a rich, penetrating, amusing book about the golden age of movies and how the studios worked to manufacture stars. With revelatory insights and delightful asides, Jeanine Basinger shows us how the studio "star machine" worked when it worked, how it failed when it didn't, and how irrelevant it could sometimes be.

The Star Machine by Jeanine Basinger, Paperback | Barnes ...

Ms.Basinger was right to choose Power as the prime example of how the studios controlled and exploited their bread-and-butter stars and in many cases crushed their creativity. This book is well researched ---it is obvious that the author has a genuine interest in classic movies of Hollywood's Golden Age, and in the stars of that era.

The Star Machine - Jeanine Basinger - Google Books

The Star Machine by Jeanine Basinger tells the story of how Hollywood movie studios produced stars from the 1930s through the 1950s by running them through a machine of sorts. Stars were assigned a type: star, character, or supporting, and then placed in movies that fit their type.

The Star Machine book by Jeanine Basinger

By Jeanine Basinger Dec. 30, 2007 Part One: Stars and the Factory System It's a crackpot business that sets out to manufacture a product it can't even define, but that was old Hollywood.

The Star Machine - Jeanine Basinger - First Chapter - The ...

With revelatory insights and delightful asides, Jeanine Basinger shows us how the studio "star machine" worked when it worked, how it failed when it didn't, and how irrelevant it could sometimes be. She gives us case studies focusing on big stars groomed into the system: the "awesomely beautiful" (and disillusioned) Tyrone Power; the seductive, disobedient Lana Turner; and a dazzling cast of others.
