The word gender, like development, had a specific usage before feminist theorists extended its meaning. One of the earliest uses of gender in feminist theory can be traced to the 1976 University of Sussex Workshop on the Subordination of Women and the school of thought that emerged from this workshop. Scholars such as Olivia Harris, Maureen Mackintosh, Felicity Odium, Ann Whitehead, and Kate Young argued that women, like men, are biological beings but that women's subordination was socially ...
