Trigonometry Lial 9th Edition Solutions
Additionally, I found more than a few errors in the answer key. Considering that this is an elementary trigonometry book, this is unacceptable. Just for laughs, I did look for an errata sheet, but couldn't find any. I've compared this edition a bit to the 10th edition and that one doesn't look too much better in terms of explanations, but hopefully the errors present in this edition have been ...
